Dear David

It was great to meet with you on Tuesday and in line with our discussions I enclose our layout drawing no P03547-02B which now provides:

- An Equalizer locker unit providing 2 wheelchair accessible lockers for the partially abled in each of the 2 fitness changing rooms
- 44 male clothes hanging lockers
- 32 male holdall lockers
- 28 female clothes hanging lockers
- 24 female holdall lockers

Our quotation is as follows.

Female Fitness Changing Room

3 No CQL M2bM2 Maximizer locker units 2200mm high x 650mm wide x 610mm deep providing 4 clothes hanging lockers each 1025mm high with a bench seat in front

The top lockers will have 3 separate compartments:

- One for clothes hanging
- One for sports holdalls
- One for shoes and valuables

With the bottom lockers with the bench seat in front having 2:

- One for clothes hanging which falls behind the bench seat
- One combined for sports holdalls, shoes and valuables

6 No CQL M2bHd4 Maximizer locker units 2200mm high x 650mm wide x 610mm deep providing 2 clothes hanging lockers each 1025mm high with a bench seat in front and 4 holdall lockers each 512.5mm high

1 No CQL E2EM4 Equalizer locker unit designed for wheelchair access for disabled users 2200mm high x 1300mm wide x 610mm deep providing 2 separate lockers with 3 separate compartments:

- One for walking aids and clothes
- One for sports holdalls
- One for shoes and valuables

Together with 4 additional clothes hanging lockers above the Equalizer locker each 850mm high

1 No Changing cubicle complete with door, bench seat, vanity mirror, rail and hooks

1 No Vanity unit complete with mirror and pelmet for downlighters to be installed by your electricians complete with cable bezels and hairdryer rings for hairdryers also supplied and fitted by your electrician

1 No Wall fixed bench seat below the false doors and framework to the ducting cupboard

Male Fitness Changing Room

4 No CQL M2bM2 Maximizer locker units 2200mm high x 650mm wide x 610mm deep providing 4 clothes hanging lockers each 1025mm high with a bench seat in front

The top lockers will have 3 separate compartments:

- One for clothes hanging
- One for sports holdalls
- One for shoes and valuables

With the bottom lockers with the bench seat in front having 2:

- One for clothes hanging which falls behind the bench seat
- One combined for sports holdalls, shoes and valuables

2 No CQL M2M2 Maximizer locker units 2200mm high x 650mm wide x 610mm deep providing 4 clothes hanging lockers each 1025mm high

The top lockers will have 3 separate compartments:

- One for clothes hanging
- One for sports holdalls
- One for shoes and valuables

- 2 No CQL M2bHd4 Maximizer locker units 2200mm high x 650mm wide x 610mm deep providing 2 clothes hanging lockers each 1025mm high with a bench seat in front and 4 holdall lockers each 512.5mm high
- 6 No CQL M2Hd4 Maximizer locker units 2200mm high x 650mm wide x 610mm deep providing 2 clothes hanging lockers each 1025mm high 4 holdall lockers each 512.5mm high
- 1 No CQL E2EM4 Equalizer locker unit designed for wheelchair access for disabled users 2200mm high x 1300mm wide x 610mm deep providing 2 separate lockers with 3 separate compartments:
 - One for walking aids and clothes
 - One for sports holdalls
 - One for shoes and valuables

Together with 4 additional clothes hanging lockers above the Equalizer locker each 850mm high

- 1 No Vanity unit complete with mirror and pelmet for downlighters to be installed by your electricians complete with cable bezels and hairdryer rings for hairdryers also supplied and fitted by your electrician
- 1 No Wall fixed bench seat

The locker shells would be manufactured from oak melamine faced MDF board with the locker doors in a flush square edged oak veneer fitted with £1 coin return locks and security plates.

Downstairs Fitness Changing Rooms

Relocate from the fitness changing rooms the best 36 locker units out of the existing, reinstalling 18 units in each room each with 2 doors i.e. a total of 36 individual lockers complete with:

- New solid laminate bench seating
- New 150mm high plinths
- Security plates fitted to the existing locks
- Replacement lippings to the existing shelf units where required
- Up to 36 reconditioned locks to ensure that every locker is left with 2 keys

- 1 No Disabled Changing Cubicle in each changing room
- 1 No Individual Changing Cubicle in each changing room
- 2 No Free standing St Ives style bench seats with solid laminate tops in each changing room
- 1 No Vanity shelf and mirror – no pelmet for downlighters but complete with hairdryer rings and cable bezels for the provision of hairdryers by your own electrician

The cost for the above manufactured, delivered and installed complete with the relocation of the best of the existing lockers and the fitting out of both the fitness and sports changing rooms as detailed above would be £39,995 excluding VAT.

This new proposal provides:

- 10 extra lockers in the male locker room including 2 specifically designed as wheelchair accessible
- 10 extra lockers in the female locker room including 2 specifically designed as wheelchair accessible
- 2 extra free standing bench seats in the male locker room
- Additional locker fixed bench seat in the female locker room
- Security plates to the existing lockers being relocated
- New solid laminate bench seating to the lockers being relocated
- New lippings to the shelf units inside the relocated lockers

Delivery and installation could be carried out during the middle to end of May to meet your requirements based on an order being placed by Friday, 29th March.

Payment terms would be 40% deposit paid by 1st May with the balance 21 days following completion.

We have assumed that any surplus lockers from the existing changing rooms will be reutilised for staff use throughout the centre or disposed of by yourselves together with the bench seating and plinth which is being replaced.

I hope this covers all of your requirements and that we may have the opportunity of working with you on this project.

I look forward to hearing back from you.

Kind regards,

Yours sincerely

John F Gibbs
